DATA SHEET

USB 2.0 Dual DVB-T Receiver

Description

Using the Delock DVB-T receiver you can receive radio and TV on your PC or notebook. The Dual Function enables you to watch one program and to record another on a different channel. You only have to be in a region where DVB-T is being broadcast. The receiver is especially suitable for notebooks on the road, since no additional power supply is required.

Ref.	61778
EAN	4043619617784
Country of origin	China
Customs tariff number	85287190
